

3000HM

The Model 3000HM has full automatic microprocessor operation with Auto Start-up, Ignition, Calibration and Range Change.

Key Benefits:

- Fast speed of Response
- Built-in catalytic air purifier
- 0-4ppm to 10,000 ppm (8 ranges) 0-4ppm to 10,000 ppm
- Electronic Temperature & Pressure Transducers
- 110/240v AC 50/60 Hz switchable 110/240v
- 2 year warranty

Applications:

- Environmental compliance
- Combustion analysis
- Process monitoring
- Automotive exhaust emissions
